

Manufacturer warranty for the period of ten years from date of application against flaking, peeling or cracking once that product has been applied as per industry standards set down by both manufacturers and the QBCC.

Manufacturers do not cover fade unless very extreme, nor airborne pollutants, amalgamating and breaking down of the coating surface. i.e. (Bat excrement, carbon amalgamating with foliage sap). (A clever trick is to have a soft wash carried out the 2 – 3 years stage as a maintenance program).

WORKMANSHIP 5 YEARS

Affordable Total restorations warrant that any workmanship carried out side BSA standards resulting in issues will be attended to.

LEAK 6 MONTHS

For a period of one year all general leaks will be attended to at no cost to customer unless weather conditions are to the extreme. i.e. tornado or extreme cyclonic weather. All leaks that are a direct result of attached items to the roof i.e. tv aerials, satellite dishes or shade sail posts. Any customer wanting an extended warranty for leaks must do so at the acceptance of quotation.
